

# Your Support in Numbers

As one of Georgia's most trusted animal welfare organizations, we have continued to provide lifesaving services, rescue animals in need, and support our community's pet families. These numbers reflect the collective efforts of our dedicated staff, volunteers, donors, and community partners who have come together to create a lasting impact. Through innovative programs, increased outreach, and an unwavering commitment to our vision, we are proud to share how our collective work has transformed the lives of thousands of animals and families across our community.

**143,407**

## Animals Impacted

## Sheltering the Defenseless

**4,105**

Individualized care plans implemented by our enrichment and behavior services
